ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I, Fred H. Cole, of the Br S Spray, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Fred H. Cole
Master, First or Second Officer

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 589) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

Master, ~~WILHELMINA~~

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted until the lists required by Section 26 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 25 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, C. Smith Master, of the S.S. Robin Adams, do declare
that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present
voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b),
Immigration Rule 6, which appears below.

Sworn to before me this 1st day of April, 19 29

John C. Wilson
Immigrant Inspector.

C. Smith
Master, First or Second Officer.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration
inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members
of crews (Form 589) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.
When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 24. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all
aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-
parted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such
question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified
in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such
alien from the United States.
Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge of the port of arrival has in-
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector
of customs.
(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to
detain or deport after requirement by the immigration officer or the Secretary of Labor.
(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.
(d) Section 53 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the Immigration Inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 589) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. M. Jacoby, Master, of the USS Olympia, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 26 day of March, 1929

H. M. Hanna
Immigrant Inspector.

E. M. Jacoby
Master, First or Second Officer.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have been landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report of customs of such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I, K. Nakamichi, master, of the Bugasse New Fraser, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 29 day of March, 1929

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de- parted and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 26 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have been landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists, if any, who have been landed and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman, he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 33 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repeated, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

Par. 6. ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause such hardship to such seaman as they caused him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

 (b) Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the fine specified in Rule 28 (subd. 2) has been made.

Arriving at Port of VANCOUVER, B. C., April, 6th, 1929

NOTE.—Full text of question 23 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who believes in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbel in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. J. Halley, Master of the R.M.S. "Empress of Asia", from Manila, P.I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Commanding Officer.

Sworn to before me this sixth day of April, 19 29
at Victoria, B.C.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, J. M. Houston, M.D., Surgeon of the Empress of Asia, sailing therewith, do solemnly, sincerely, and truly swear that I have had one years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Medical Council of the, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (RACE).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 26 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. J. Halley, R. M. R. Master, of the Empress of Asia, from Manila, P. I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, _____ in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Commanding Officer.

Sworn to before me this 31st day of April, 1929

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1895-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, H.M. Macree, M. D., Surgeon of the Empress of Asia, Sailing therewith, do solemnly, sincerely, and truly Swear that I have had One years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Medical Council of Canada, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

H.M. Macree
Surgeon.

Sworn to before me this Sixth day of April, 19 29

(Signature and title of Immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. Note.—Full text of question 26 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, _____, of the _____, from _____, do solemnly, sincerely, and truly _____ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, _____ in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this _____ day of _____, 19 _____, at _____, _____ Officer.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.
ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, H. M. Moore, M. D., Surgeon of the U. S. S. "Empress of Asia" Sailing therewith, do solemnly, sincerely, and truly swear that I have had one years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Medical Council of Canada, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

H. M. Moore
Surgeon

Sworn to before me this Sixth day of April, 1929

at Victoria, B. C.

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian

Bohemian.	Herzegovinian.	Ruthenian (Rusniak).

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. J. Hall, Master, of the U. S. S. Express of Asia, from Manila, P. I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, H. M. Macrae, M.D., Surgeon of the Empress of Asia, Sailing therewith, do solemnly, sincerely, and truly swear that I have had One years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Medical Council of Canada, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

Note.—Full text of question 25 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. J. Halley, R. N. R. Master, of the R. M. S. "Empress of Asia", from Manila, P. I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this Sixth day of April, 19 29

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$10, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, _____, Surgeon of the _____, do solemnly, sincerely, and truly _____ that I have had _____ years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, _____ in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ables to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

Note.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. J. Taylor, Master, of the SS. "Empress of Asia", from Manila, P.I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Commanding Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (RACE).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organised government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organisation entertaining and teaching disbelief in or opposition to organised government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organised government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. M. Jensen, of the PRESIDENT GRANT, from SHANGHAI, do solemnly, sincerely and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, C. E. Reddick, Surgeon of the PRESIDENT GRANT, Sailing therewith, do solemnly, sincerely, and truly swear that I have had five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of State of Minnesota, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reappliation should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

- Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
- Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
- Column 5 (Sex).—The entry should be either M (male) or F (female).
- Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
- Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
- A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
- A farmer is one who operates a farm, either for himself or for others.
- A farm laborer is one who works on a farm for the man who operates it.
- Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
- Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
- Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
- Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
- Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
- CUBAN.
- The term "Cuban" refers to the Cuban people (not Negroes).
- WEST INDIAN.
- "West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
- SPANISH AMERICAN.
- "Spanish American" refers to the people of Central and South America of Spanish descent.
- AFRICAN (BLACK).
- "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
- ITALIAN (NORTH).
- The people who are native to that portion of Italy north of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
- ITALIAN (SOUTH).
- The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
- Columns 11 to 14.—These questions are self-explanatory.
- Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
- Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
- Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
- Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
- Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
- Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
- Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
- Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1898-1897, Philadelphia.
- Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
- Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T. V. HUN MASTER, of the S. M. S. NIAGARA, from SYDNEY, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 10 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 10 day of March, 1918

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

Immigration Officer.

INSTRUCTIONS FOR FILING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

- Column 2 (Head-tax status).—Steamship lines should make no entries in this column.
- Column 3 (Age).—The answer in this column should be expressed in years or months, and should apply only to those under 1 year of age.
- Column 4 (Sex).—The entry should be either M (male) or F (female).
- Column 5 (Married or single).—The answer should be either Married, Single, Widowed, or Divorced.
- Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, motive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc. A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
- Column 7 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
- Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.
- Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
- Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
- CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
- WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
- SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
- AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
- ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
- ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
- Column 10 (Last permanent residence).—These questions are self-explanatory.
- Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
- Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
- Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
- Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
- Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).
- Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
- Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
- Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
- Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
- Columns 19 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions:
"Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reappliance should be given.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., regions of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapportionment should be given.

VICTORIA, B. C.

April. 26 th.

, 19 25

Note.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organised government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of, or affiliated with any organisation entertaining and teaching disbelief in or opposition to organised government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organised government because of his or its official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T. V. HILL **MASTER** of the B. M. S. NIAGARA, from SYDNEY, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 16 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

SAILING THEREWITH

I, H. E. Costello M.D., Surgeon of the U. S. NIAGARA, do
solemnly, sincerely, and truly SWEAR that I have had 44 years' experience as a Physician England
and Surgeon, and that I am entitled to practice as such by and under the authority of Royal College of Physicians, London,
and that I have made a personal examination of 10 in number, according
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets,
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this 26 APR 1929 day of _____, 19
at VICTORIA

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T. V. Hill MASTER of the R. M. S. NIAGARA, from SYDNEY, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 16 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 20 day of APR, 1928,
at VICTORIA.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, H. C. Castle Shaw, Surgeon of the S. M. S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if yes, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Ivan MacKinnon, Surgeon of the Empress of France, sailing therewith, do solemnly, sincerely, and truly swear that I have had Twenty five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of McGill University Montreal, Que. ELIMINATIONS AND CORRECTIONS

INSPECTED BY:- WALTER E. AINSLEY
BAIRN A. BEATTY.

Note.—Full text of question 25 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, S. ROBINSON, CBE, RD, RMR, Master, of the EMPERESS OF FRANCE, from Manila, P. I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master Officer

Sworn to before me this 27th day of APRIL, 19 29
at VANCOUVER, B.C.

A. E. Dinsley
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 36, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Ivan MacKinnon, Surgeon of the Empress of France, sailing therewith, do solemnly, sincerely, and truly swear that I have had Twenty five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of McGill University Montreal, Que. Canada, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, S. ROBINSON, Master, of the SHIPS OF FRANCE, from Sanila, P.I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African" refers to the African people, whether or not from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Ivan MacKinnon, Surgeon of the S.S. "Empress of France" sailing therewith, do solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of McGill University Montreal, P.Q., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Ivan MacKinnon M.D.
Surgeon.

Sworn to before me this 27th day of April, 19 26

at Vancouver, B.C.

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Russniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indian, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. ROBINSON, CBE, RD, RNR, Master**, of the **S.S. Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Asia. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Ivan MacKinnon, Surgeon of the S.S. "Empress of France", sailing therewith, do solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of McGill University Montreal, P.Q., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

ELIMINATIONS & CORRECTIONS

Note.—Full text of question 36 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member or is affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

R. ROBINSON, CBE, RD, RNR, Master, of the S.S. "Empress of France", from Hongkong, 10th April 1929, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, _____ in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master XXXX
Officer.

Sworn to before me this 27th day of April, 1929
at Vancouver, B.C.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and (if so, how much)).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, John MacKinnon, Surgeon of the U.S.S. "Thetis", do solemnly, sincerely, and truly swear that I have had 10 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

ELIMINATIONS & CORRECTIONS.

CHIEF CLERK.

Note.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

R. ROBINSON, CBE, RD, RMR, Master, of the **S.S. "Empress of France"**, from **Hongkong, 10th April 1929**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **27th** day of **April**, **1929**
at **Vancouver, B.C.**

Master **R. Robinson**
Officer.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "French" by race or people, and similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
HISPANIC AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Asia. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

MEMORANDUM FOR THE DIRECTOR

NOTE.—Full text of question 25 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, S. ROBINSON, CHS. RD. RIVER, Master, of the EMPRESS OF FRANCE, from MANILA, P. I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, stool polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Giallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. ROBINSON, CBE, RD, RMR, Master, of the EMPERESS OF FRANCE, from Manila, P.I., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, location, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Ables to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Ivan MacKinnon, Surgeon of the S.S. Express of France, sailing the 21st, do solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of McGill University Montreal, P.Q., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Ivan MacKinnon M.D.

Surgeon.

Sworn to before me this 27th day of April, 19 28

at Vancouver, B.C.

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to review by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 26 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

S. ROBINSON, CRE. 3D. BNR. Master, of the **S.S. "Empress of France"**, from **Hongkong, 10th. April 1929**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, _____ in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (NEGRO).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. A. Sebastian, of the Pacific Trader, from Alameda; do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens.

However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, K. Uno, Surgeon of the S.S. "AFRICA" MARU, Employed by O. S. A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read, and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

COLORED.
The term "Colored" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Asia. Any alien with admixture of blood of the African race should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 16 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 17 (Place of destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence. If within the United States, country is outside the United States.

Column 18 (Whether coming to the United States for a definite purpose).—The answer should be either Yes (definite) or No (indefinite).
Column 19 (By what means was passage paid).—The entry should show definitely by whom passage was paid, as, self, stevedore, father, brother, or other relative; friend; steamship company, etc.
Column 20 (Whether in possession of \$10, and if not, how much).—The answer should give in each case individual or family. The exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 21 (Whether one year in the United States and if so, when and where).—The entries should show whether or not alien has been in the United States before, and if so, the year (or years) and place, as, 1924-1925, New York.

Column 22 (Whether coming to the United States for a definite purpose).—The answer should show whether coming to the United States for a definite purpose, and if so, what relative or friend.
Column 23 (Whether coming to the United States for a definite purpose).—The answer should show whether coming to the United States for a definite purpose, and if so, what relative or friend.
Column 24 (Whether coming to the United States for a definite purpose).—The answer should show whether coming to the United States for a definite purpose, and if so, what relative or friend.

Column 25 (Whether coming to the United States for a definite purpose).—The answer should show whether coming to the United States for a definite purpose, and if so, what relative or friend.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

REMARKS:

Note.—Full text of question 23 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful overthrow or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. Kobayashi, Master, of the S.S. "AFRICA MARU", from Yokohama, Japan, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 19 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

APR 1 1929

Master. Officer.

Sworn to before me this 1 day of APRIL, 1929
at SEATTLE, WASH.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (RACE).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, K. Uno, Surgeon of the S.S. "AFRICA MARU", Employed by O. S. K., do solemnly, sincerely, and truly swear that I have had 2 (Two) years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The Department of The Home Affairs of Imperial Japanese Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 18 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this _____ day of _____, 19 APR 1 1929
at SEATTLE, WASH.

[Signature]

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

MEDICALLY INSPECTED AND
PASSED,
BY WTC
SURGEON, U. S. P. H. S.
REMARKS:

Note.—Full text of question 22 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful consulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. Kobayashi, Master, of the S.S. "AFRICA MARU", from Kobe, Japan, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 18 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. Kobayashi, Master, of the S.S. "AFRICA" WABU, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have during and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall be liable to the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMAN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge of the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examining), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, H. F. Erben M.D., Surgeon of the U.S. Margaret Johnson (State whether foreign "alien" (therewith) or "colored" by "written consent" at the time of her entry) exp. by one do
solemnly, sincerely, and truly swear that I have had eight years experience as a Physician

Washington & the Rep. of Austria, and that I have made a personal examination of

In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. P. Spindell, of the M.V. "LOCHMONAR.", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this April day of 1929

J. P. Spindell
Master, First or Second Officer

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 28, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman, he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal Immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such Immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such Immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have landed and departed, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the Immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the Immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T. Rippon Master, of the Princess Charlotte, from Vancouver B C, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 2 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

M. Rippon

Officer.

Sworn to before me this 2nd day of April, 1929
at Seattle Wash.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have been deported or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall be liable to the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. ALIEN SEAMAN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

 that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present
 voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b),
 Immigration Rule 6, which appears below.

Sworn to before me this 17TH/29 day of APRIL, 1929.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration
 inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members
 of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.
 When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,
 consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all
 aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively
 shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information
 as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,
 consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally
 landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the
 departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further
 list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon
 at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-
 parted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-
 ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required
 by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for
 each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted
 clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while
 it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such
 question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice
 of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified
 in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel
 arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical
 treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such
 alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof
 who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-
 spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to
 detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor
 to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien
 seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-
 ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon
 the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector
 of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from
 any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to
 detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship
 to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall
 not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,
 and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman, he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical reasons, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain such seaman.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 33 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 38 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon the deposit of a sum sufficient to cover such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 24. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 23 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally departed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 33 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de- ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to report such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or report after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

No alien seaman excluded from admission into the United States under the Immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM SUBDIVISION B, RULE 6

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in- spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. (b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W.B. McBarney, of the P.S. S. S. Grainer, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 22nd day of April, 1929

W.B. McBarney
Master, First or Second Officer.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 24. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon sorted or landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 24 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 28, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) If it is found that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after inspection by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel in which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMEN

Sec. 18. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the original manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal Immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such Immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such Immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 8

Par. 8. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the Immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such Immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the Immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

(a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

I, _____, of the _____, do declare
that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present
voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b),
Immigration Rule 6, which appears below.

Sworn to before me this

6th

day of

April, 1929

John W. Salan
Immigrant Inspector.

Master, First or Second Officer.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration
inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members
of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.
When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all
aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have
deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such
question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified
in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reappliance should be given.

AFFIDAVIT OF SURGEON

I, Dr. J. M. [illegible], Surgeon of the [illegible], do

and Surgeon, and that I am entitled to practice as such by and under the authority of Medical Council of Canada

Note.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T. R. Rison, of the PRINCESS CHARLOTTE, from VANCOUVER, B. C., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 8th day of April, 1929 at SEATTLE, WASH. W. H. H. H. Officer.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
 Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
 Column 5 (Sex).—The entry should be either M (male) or F (female).
 Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
 Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
 A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
 A farmer is one who operates a farm, either for himself or for others.
 A farm laborer is one who works on a farm for the man who operates it.
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
 Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
 Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
 Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
 Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
 The term "Cuban" refers to the Cuban people (not Negroes).
 WEST INDIAN.
 "West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
 SPANISH AMERICAN.
 "Spanish American" refers to the people of Central and South America of Spanish descent.
 AFRICAN (BLACK).
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
 Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
 Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
 Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
 Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence. If within the United States; country, if outside the United States.
 Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
 Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
 Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
 Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
 Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
 Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Wm M Wildman, Surgeon of the Pres McKinley, sailing thence, do solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, four in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

RE Charles Master, of the *Fr. M. Finley*, from *Shanghai*, do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *three* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Wm M Wildman, Surgeon of the Pro McKinley sailing there with
 solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician
 and Surgeon, and that I am entitled to practice as such by and under the authority of Alb
 _____, and that I have made a personal examination of
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, five in number, according
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
 condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
 the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
 If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
 the language they speak. The original stock or blood shall be the basis of the classifi-
 cation, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. L. M. Master, of the Pres M. J. Linby, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 1st day of April, 19 29
at Seattle

J. S. Spangler
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

RE Caray Master of the *Mrs M. J. J. J.*, from *Song Hong*, do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *thirty* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this *5th* day of *April*, 19*29*

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, location, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Wm M. Wildman, Surgeon of the SS. M. Wilby, sailing thru, do solemnly, sincerely, and truly swear that I have had thirty five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of NH, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Alamy Master, of the Prosperity, from Hong Kong; do solemnly, sincerely and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 14th day of April, 1929
at Seattle
W. E. Carey
Master-Officer.
J. H. Spengler
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Mr. M. W. Wildman, Surgeon of the U.S.S. McKinley, sailing thereon, do solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, five in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 5th day of April, 1929
at Seattle

J. E. Bengtson
(Signature and title of immigration officer or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

RE Caruy Master, of the *Pres McKinley*, from *Shanghai*, do solemnly, sincerely and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *three* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this *5th* day of *April*, 1929

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people does not mean "France" by country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The entries should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Asia. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to supply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to apply for admission, the authority for such re-admission should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arrived and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 35 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crew (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 26 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

James Griffiths
Port Tacoma

I, J. Johansen, of the SS James Griffiths, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 18th day of April, 1929

H. G. M. Namara

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 28, 1924

ALIEN SEAMEN

Sec. 19. No alien shall be admitted from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman, or who fails to detain on board any alien seaman until such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but amendments in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMAN

SEC. 19. No alien seaman excluded from admission into the United States under the Immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after restraint by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. H. Macpherson, of the Strath, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 24. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 24 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would be to the detriment of the United States, he may, in his discretion, suspend the application of this Act to such seaman if he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Martus, of the Rhine, from Norfolk, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 9th day of April, 1909, at Seattle WA.
Charles M. Dunsen
 Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
 Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
 Column 5 (Sex).—The entry should be either M (male) or F (female).
 Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
 Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, location, motive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
 A distinction should be made between farmers and farm laborers, regardless of the amount of money shown as follows:
 A farmer is one who operates a farm, either for himself or for others.
 A farm laborer is one who works on a farm for the man who operates it.
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
 Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
 Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
 Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
 Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
 CUBAN.
 The term "Cuban" refers to the Cuban people (not Negroes).
 WEST INDIAN.
 "West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
 SPANISH AMERICAN.
 "Spanish American" refers to the people of Central and South America of Spanish descent.
 AFRICAN (BLACK).
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).
 The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
 ITALIAN (SOUTH).
 The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
 Columns 11 to 14.—These questions are self-explanatory.
 Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
 Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
 Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
 Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence. The answer should be either "United States" or "Foreign." If the answer is "Foreign," the country should be given.
 Column 19 (Whether having a ticket to seek final destination).—The answer should be either Yes (ticket) or No (no ticket).
 Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
 Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
 Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
 Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
 Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of alien. However, in answering question 26, if alien has been deported within one year and the Secretary of labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, James M. Scipue, of the Scipue, do declare

that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 7 day of April, 1929

Master, First or Second Officer.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. CAMERON, MASTER, of the BR. S. S. "GRITCO", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 8 day of April, 1929

Aquidilejand
Immigrant Inspector.

Cameron
Master ~~XXXXXXXXXXXX~~

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 639) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, H. Johnson, of the SS. Lido, from Britannia Beach, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tes status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of each relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 22.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, A. Cameron, Master, of the S. S. "GRIFFIN", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 27 day of april, 1929

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the Immigration Inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 35. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all consignees, and of all persons employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and if on any such vessel it shall be the duty of such owner, agent, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally consigned, or master to report to such immigration officer, together with any information likely to lead to his apprehension; and before the departure of the vessel, giving a full and complete list of all such alien employees who were not employed thereon at the time of the departure, and also the names of those, if any, who have been paid off and discharged in the port of arrival, and those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists of such aliens arrived or departing, respectively, or so to report such cases, or make such report, the principal immigration officer, or master, if required by the Secretary of Labor, may, in the discretion of the customs of the customs district in which the port of arrival is located, demand of \$10 for each alien concerning whom a correct list is not delivered or a true report is not made as above required; and if such vessel shall be granted clearance for departure, the determination of the question of the liability to the payment of such fine, and, in the event such fine shall remain unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE

Fig. 6. Clearance shall not be granted any vessel until the *liste* required by Section 36 have been furnished, and not on any other notice of liability to the administrative fine prescribed by said section or to that prescribed by section 38 having been given, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALLEN GRAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

30. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection shall include a physical examination by the medical examiners), or who fails to detain on board any alien seaman until the immigration officer in charge at the port of arrival has determined that it is necessary to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$100 for each such failure. No vessel shall be granted clearance to leave the port of arrival until the determination of the liability to the payment of such fine, or until the fine has been paid, or until the collector of customs has determined that the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to appear in person before the immigration officer or the Secretary of Labor.

(e) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall be furnished with the necessary documents and equipment for the voyage.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 659) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 26 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival a list containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 26 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 26 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 33 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master to deliver such list, or who will leave port thereon at the time of her departure, respectively, or to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Passes

I, J. L. HARRIS, of the SS ADMIRAL SEBECE, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 11TH day of APRIL, 19 29

C. L. Hall

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge of the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel in which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel or by the immigration officer in charge of the port of arrival to have been deported or removed from the vessel, shall be prima facie evidence of a failure to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel in which he arrived in the United States from any place outside thereof is necessary, such seaman shall not be granted clearance until such seaman has been paid, or the vessel has been paid, the sum of \$1,000 for each alien in respect of whom such failure occurs, or until such seaman has been deported or removed from the vessel, or until such seaman has been granted clearance by the Secretary of Labor, and as to all seamen, arriving in the United States from any place outside thereof, who are not so paid, or who are not so deported or removed from the vessel, or who are not so granted clearance by the Secretary of Labor, no such vessel shall be granted clearance.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 22 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. J. Blinn, of the PRINCESS CHARLOTTE, from Tanqueret Bk., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in case of the applicant, 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Charles D. Brunk
 Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival a list containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 33 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or he is furnished to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I, COMMANDER, of the "NEBRASKA.", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6 which appears below.

Sworn to before me this _____ day of _____, 192

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien embe the phyces who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of such cases of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by Section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924.

ALIEN SEAMEN.

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall be liable to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) That if an alien seaman did not appear upon the manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master to deliver such list, or who fail to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner, or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

REMARKS:

Note.—Full text of question 26 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, K. Hirano, Master, of the Japanese s.s. "Paris Maru", from Yokohama, Japan, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master. MOHORI

Sworn to before me this 14th day of April, 19 29
at Seattle, Washington.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the Immigration Inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 889) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 23. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such payment shall be granted pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 23 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **T. RIPPON** ^{Master Princess Charlotte}, of the **S. S. PRINCESS CHARLOTTE**, from **VANCOUVER, B. C.**, do solemnly, sincerely, and truly ^(State whether Master, First, or Second Officer) swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **One** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (RACE).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$80, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

By Selkirk
 Arrived April 15, 1929
 Port Seattle Wash

I, Frank Peter, of the Pr. M. Selkirk, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 15th day of April, 1929

J. Peter
 Master, First or Second Officer.

West Co.
689 filed.

W. Engels
 Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I, Master, of the Loricstar, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this

April, 1929

Charles W. Burke
Immigrant Inspector.

Receipt given

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien to whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Notes.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organised government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organisation entertaining and teaching disbelief in or opposition to organised government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assassinating or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organised government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T. Rippon, Master, of the Princess Charlotte, from Vancouver B C, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 2 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OR MANIFEST OF ALIEN PASSENGERS FOR THE UNITED STATES OF AMERICA, of this ship, on arrivals from a foreign port, a port of continental United States, or a port of the United States, and on departures for a foreign port, a port of continental United States, or a port of the United States.

List

ALL ALIENS arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and all aliens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of the insular possessions of the United States, shall be listed on this (pink) sheet.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the Amer. S/S 7 feet Mahwah, declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 15 day of April, 1929

John W. Dodson
Immigrant Inspector.

O. Belleson
Master, First or Second Officer.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people might come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1896-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join other a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to supply for admission, the authority for such reapprehension should be given.

AFFIDAVIT OF SURGEON

I, Dr. J. D. Dibernu, Surgeon of the "Los Angeles", employed, do solemnly, sincerely, and truly declare that I have had four years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Germany, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the "Los Angeles", from Hamburg, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Bradley
Master. Officer.

Sworn to before me this 25 day of Apr, 1929

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join other a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. (c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALLEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 30. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel (which shall include a personal physical examination by the medical examiners), or who fails to inspect such seaman (which shall include a personal physical examination by the medical examiners), or who fails to detain on board any alien seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located a sum of \$100 for each such seaman in respect of whom such failure occurs. No vessel shall be granted clearance until the collector of customs has determined the liability to the payment of such fine, or until the fine has been paid, except that such fine or penalty shall not be a condition of the granting of clearance in the case of a vessel of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to depart promptly after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall be held until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repeated, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after reinspection by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assembling or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, S. T. Tschida Master, of the S.S. Philadelpia from Hangchow, China, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Officer

Sworn to before me this 20th day of April, 1919.
at SEATTLE, WASH

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of country does not mean "French" by race or people. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom cost passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries of years and place, as 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The entries should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question "Read what language [or, if exemption is claimed, upon what ground]." If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people does not mean "France" by country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Ouba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, P. M. Jensen, of the PRESIDENT GRANT from HONGKONG, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 13 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

[illegible]

The term "Cuban" refers to the Cuban people (not Negroes).

"Spanish American" refers to the people of Central and South America of Spanish descent.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Aosta, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

The last country in which alien resided with the intention of actually remaining one year or more shall be entered in column 17. Residence regardless of length of actual residence therein. The country of birth shall be entered in column 18. It is important for statistical purposes that steamship companies report the country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States shall be reported as "United States."

Country of last permanent residence or aliens who are returning from a visit abroad should be recorded "United States." Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence if within the United States; country, if outside the United States.

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in family the exact amount of money shown.* Money brought by the each case (Individual or family) divided among the several members of the family.
Column 22 (*Whether ever before in the United States; and if so, when and where.*)—The entire should show whether or not (Yes or No) in the United States before; and if so, the year (or years) and place, see 1894-1897, Philadelphia.

Columns 24 to 3.—These questions are self-explanatory. However, the sheet, are subject to revision by inspection officers in the examination of aliens. However, answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, C. E. Reddick, Surgeon of the PRESIDENT GRANT, Sailing through, do solemnly, sincerely, and truly swear that I have had five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of State of Minnesota, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 9 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Notes.—Full text of question 26 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, M. M. Jensen, of the PRESIDENT GRANT, from HONGKONG, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 30 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

M. M. Jensen
Master Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, location, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, C. E. Reddick, Surgeon of the PRESIDENT GRANT, Sailing Vessel, do solemnly, sincerely, and truly swear that I have had five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of State of Minnesota, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 30 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

NOTE.—Full text of question 20 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization maintaining and teaching disloyalty in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches disloyalty, anarchy, or property of the unlawful assembling or killing of any other or others, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, M. M. Jensen, of the PRESIDENT GRANT, from HONGKONG, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 30 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

M. M. Jensen

Officer.

Sworn to before me this 23rd day of April, 1929

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than other Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Place of destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc. Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1904-1907, Philadelphia.
Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend with whom complete address.

These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, C. E. Reddick, Surgeon of the PRESIDENT GRANT, Sailing therefrom do solemnly, sincerely, and truly Swear that I have had Five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of State of Minnesota, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, Four in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

C. E. Reddick

Sworn to before me this 23rd day of April, 1929.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATE OF _____ WASHINGTON

1922.

Note.—Full text of question 26 is as follows: Whether a person believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

M. M. Jensen MASTER of the PRESIDENT GRANT, from KOBE, do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 19 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

M. M. Jensen
MASTER Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

List 10

The entries on this sheet must be typewritten or printed.

Note.—Full text of question 21 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, M. M. Jensen MASTER of the PRESIDENT GRANT, from YOKOHAMA, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 22nd day of April, 1929
at SEATTLE

[Signature]
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language for, if exemption is claimed, upon what ground?" In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend, with name and complete address).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared in blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival; and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 56. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has been landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded; *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 56 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 56 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 16. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge of the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to report such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien to be detained on board, or if the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) That if an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or report after inspection by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that desertion of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed by the collector of the Secretary of Labor.

Sec. 21. The Secretary of Labor is authorized, upon complaint of any vessel, that owner, agent, consignee, and master, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 680) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 26 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 26 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924.

ALIEN SEAMEN.

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 23. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearances may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(4) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I have noted the copy of section 36 of the United States Immigration Law and of paragraph 8, subdivision (b), Immigration Rule 6, which appears below.

Charles O. Burke
Master, First or Second Officer.

Sworn to before me this day of , 19

 Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed and landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 23 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM SUBDIVISION B, RULE 8

Par. 6. ALIEN SEAMAN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 33 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

10810 **AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, James Snow King, of the SS. King, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 22 day of April, 1929

Immigrant Inspector.

Master, First or Second Officer.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de- parted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv- ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in- spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay- ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 28, 1924

ALIEN SEAMEN

Sec. 18. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain such seaman on board after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all
aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-

by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such
question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-

any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Head and status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people might come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Asia. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 to 14.—These questions are self-explanatory.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The entries should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 24 (Remarks).—These questions are self-explanatory and the answers, like all others on the manifest, are subject to examination by inspection officers in the examination of aliens. However, in cases where an alien has been deported within one year and the Secretary of Labor has recommended suspension of the admission, the authority for such recommendation should be given.

This visa covers 106 crew and including master

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 35 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. EXTRACT FROM ACT OF CONGRESS APPROVED MAY 28, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 36 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.
